

Volunteering opportunities with the Camden Baby Feeding Team

Are you a current or previous breastfeeding mother interested in supporting other Camden mums with breastfeeding?

The Camden Baby Feeding Team offers information and support for parents in Camden before and after they've had their baby. We're offering free training **run by the National Breastfeeding Network** for local Camden mums to become volunteer breastfeeding peer supporters.

No qualifications are required, apart from some experience of breastfeeding your baby and a passion to volunteer and support other Camden mums.

The course is:

- Two-hours per week over 12 weeks starting in mid-February 2018
- Includes free child care during course hours
- Nationally recognised and OCN accredited
- Open to mothers of all ages and backgrounds

To be considered and for further details, please email your contact details to

Camden.babyfeedingteam@nhs.net or call
